Sentinel — safer smarter simpler

Sentinel e-Learning portal: **http://tracking.brightwave.co.uk/LNT/Sentinel**
Kindly note this is <u>NOT</u> a login area to the Sentinel system; it is a login area to access the e-Learning only…
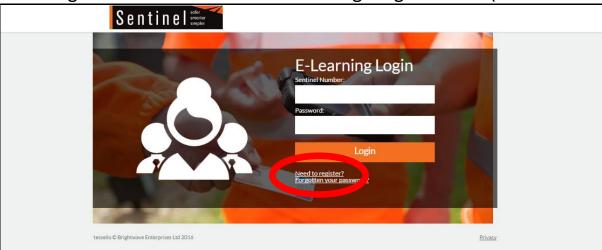

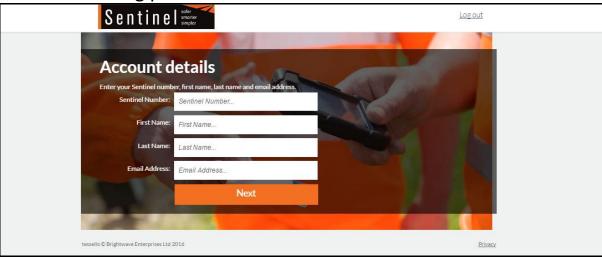

If you are a first-time user then please register an account by clicking on the 'Need to register?' link underneath the orange login button (circled below):

Complete the account details and click 'next' to set a password in order to login to the learning portal:

Don't worry if you haven't got time to complete the e-Learning in one sitting because the portal will automatically save where you get to and then start from here next time you login ☺
