Login Page

Enter your username and password, click login.

Onetime Passcode Delivery Option

If you have an email and mobile number registered, you will be provided an option to receive your passcode via SMS or email.
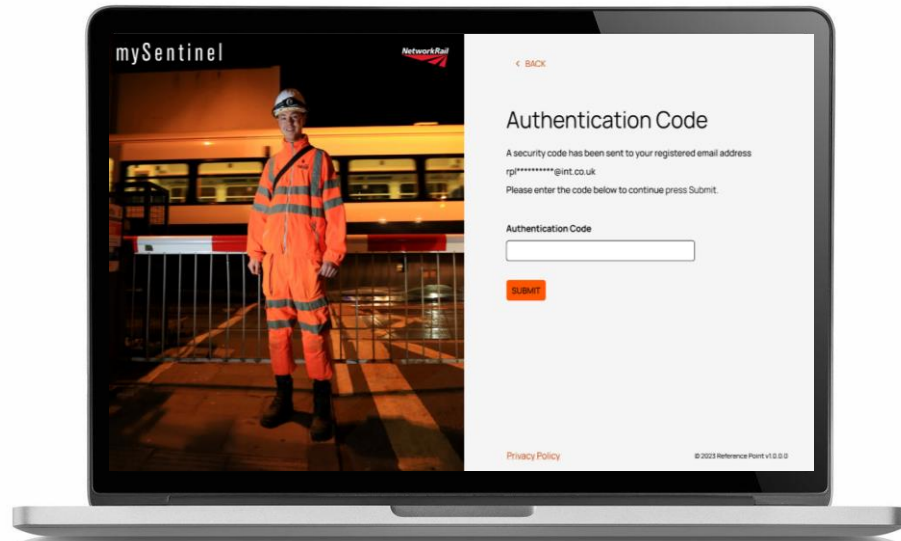

Click either send email or send SMS for your preferred option.

Your onetime passcode will be sent to the email or mobile number registered on your mySentinel account

Sentinel

Authentication Code Page

Enter the onetime passcode you received via email or SMS in the authentication code field, as shown below and click submit

Incorrect Code

If you enter the passcode incorrectly it will show you the below message.

You will need to re-enter the code in the authentication code field, as well as clicking I'm not a robot where you will be required to click on the relevant images relating to the word shown on the screen.

Click submit.

If you need to receive a new onetime passcode, please click the back button this will then take you back to the login page to retry and receive a new code.
